Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 23 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Still very warm in northwest, but thundery breakdown in south.

This Evening and Tonight:
Heavy rain and thunderstorms will spread across parts of southern UK, preceded by strong, gusty winds across southern coastal counties of England. Mainly dry elsewhere, but low cloud spreading back across some northeastern and eastern areas. Warm especially further west.

Saturday:
Sunny and very warm across the northwest but cooler and grey near some North Sea coasts. Heavy showers and thunderstorms, locally torrential, affecting parts of the south at times. Humid.

Outlook for Sunday to Tuesday:
Heavy, locally torrential showers in the south on Sunday, mainly dry elsewhere. Further heavy showers Monday, mainly in the east, and more widely Tuesday. Rain at times in the north.
